

STRONG

Study

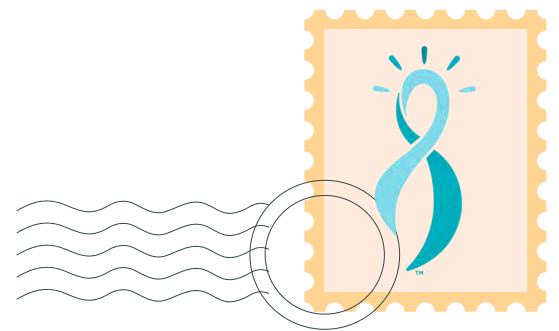

As of October 2023, 64 women have been recruited to the STRONG Study.

National Ovarian Cancer Coalition

The National Ovarian Cancer Coalition (NOCC) is a nationwide organization that offers resources for cancer patients and their caregivers. In addition to arranging peer-to-peer support groups, the NOCC hosts free, virtual educational programs to help address the obstacles and questions that arise from a cancer diagnosis, free cancer care packages, meal deliveries, personalized counseling, and financial assistance.

Living Beyond Breast Cancer

The mission of Living Beyond Breast Cancer (LBBC) is to connect people who have been impacted by breast cancer with an encouraging community and trustworthy resources. To empower these individuals, LBBC holds a variety of support groups, from professional-led to specialized to online. Additionally, this organization provides both funding programs and recurring events, such as conferences and their annual Butterfly Ball.
